

**Uttar Pradesh Sheera Niyantran Niyamavali, 1974**

In exercise of the powers under section 22 of the U. P. sheera Niyantran Adhiniyan, 1964 (U. P. Act XXIV of 1964), the Governor is pleased to make the following Rules after their previous publication under Government notification no. 5410-E/XIII-272-64, dated October 3,1972:

|                                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

| 1-Short title and commencement.          | (1) These rules may be called the Uttar Pradesh sheera Niyamavali, 1974.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| 2- Definitions                           | <p>In these Rules, unless there is anything repugnant to the context thereof-</p> <p>(a) "Act" means the U. P. Sheera Niyantran Adhiniyan, 1964 (U. P. Act no. XXIV of 1964).</p> <p>(b) "Allottee" means a person in whose favour an order of the Act has been made for purposes of purchase of molasses for captive consumption has been supplied, from the occupier of a sugar factory.</p> <p>(c) Captive consumption means the Molasses transported from the sugar mill to distillery or Industrial unit having the same or the sugar mill.</p> <p>(d) "Form" means a form prescribed under these rules.</p> <p>(e) "Molasses year" means the period beginning on the 1st day of November and ending on the 31st day of October of the following year.</p> <p>(f) "Section" means a section of the Act.</p> <p>(g) "Storage Tank" means covered accommodation for the safe preservation of molasses under section 5 of the Act.</p> <p>(h) "Sub-Inspector Excise" means Sub-Inspector Excise.</p>                                                                                                                                                                                                                                                                                                                                                                      |
| 3- Arrangement of covered accommodation. | <p>(1) Every occupier of a sugar factory shall have within the precincts of the factory a sufficient number of the storage tanks within the precincts of factory to store at one time at least sixty percent of the total production of the factory calculated at four per cent of the total cane that is crushed during the hundred and forty working days according to the crushing capacity for the time being of the factory or the highest total production of the last four years. He shall use the molasses fund for enhancing the storage on regular bases. Only in emergency, covered, record may be permitted by the Molasses controller. On the ground of increased production of molasses, or difficulty in the availability of transport facilities or other ground to be recorded by him, he may direct the sugar factory to provide additional storage tanks as indicated in the direction, and there upon the occupier of such storage tanks within such period as may be specified in the direction.</p> <p>(b) To meet out storage in storage capacity due to the increase during the crushing season in sugar mills, the occupier of the storage capacity under sub rule may not be hampered to foams in Molasses.</p> <p>3. Uncovered storage tanks shall not be utilised for the storage of molasses without the prior sanction of the Controller.</p> |
|                                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |

|                                                                                                                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
|------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 4-Arrangment of storage tanks.                                                                                         | <p>(1) All storage tanks shall be serially numbered in the sugar factory and the number allotted to each tanks and storage capacity of each tank shall be displayed on a permanent fixture. The serial number once allotted shall not be changed without the prior permission of the Controller.</p> <p>(2) The dimensions of all storage tanks provided in the sugar factory shall be recorded in a register in Form M.F. 14 and a chart in respect of each tank shall be maintained in the register for showing at every 5 cm. of the tank the contents of molasses in the tank in quints.</p>                                                                                                                                                                                                |
| 5- Change in storage capacity. (Section 5 & 22)                                                                        | <p>(1) In case any change in the storage capacity is proposed, the occupier shall, submit to the Controller a plan showing the exact location, the serial unnumber, the thickness (steel masonry) and capacity at every 5 cm. of the tanks and also showing the pipes and drainage system of such tank.</p> <p>(2) In case any additional storage tank not shown in the plan submitted under sub-rule (1), is subsequently provided in a sugar factory, a similar blue print thereto shall be submitted.</p>                                                                                                                                                                                                                                                                                    |
| 6-Applicability of rules 4 and 5 to distilleries. (Section 22)                                                         | The provisions of rules 4 and 5 shall mutatis mutandis apply to distilleries in U.P. in respect of molasses supplied to sugar factories for distillation purposes.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| 7- Directions of the Controller for safe preservation of molasses. (Section 5 & 22)                                    | If the Controller is of the opinion, that any storage tank or fixture thereof, including wall, pipe-line or drainage system, is not safeguard the safe preservation of quality and quantity of molasses produced in the sugar factory. he may by order direct the occupier of the factory to take necessary measures to secure safe preservation of wall, pipe-line or drain to secure safe preservation of molasses. the occupier shall comply with such direction within the specified time.                                                                                                                                                                                                                                                                                                  |
| 8- Directions of the Controller regarding storage, transfer and disposal of molasses in storage tank. (Section 5 & 22) | <p>(1) The Controller may specify the order in which the storage tank in a sugar factory shall be filled or emptied and such directions shall be binding on the occupier of the sugar factory.</p> <p>(2) No molasses produced or stored in a factory shall be mixed with any molasses of another year without the previous permission in writing.</p> <p>(3) No molasses shall be stored in a factory until it is weighed or measured.</p> <p>(4) Occupier of a sugar factory shall take adequate measures to ensure that the wastage in the storage of molasses in a year shall not exceed two per cent of the total quantity stored. In case the wastage exceeds the above limit, the occupier shall be liable to pay a fine of Rs. 100 for every per cent in excess of the above limit.</p> |
|                                                                                                                        | Provided that if it is proved to the satisfaction of the Controller that the wastage or deficiency in excess of the above percentage is caused by accident or any other unavoidable cause, the occupier shall not be liable to any penalty.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

|                                                                               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |

| 9-Arrangement of dip rod, sampling and testing apparatus etc. [Section 5 (d)] | The occupier of a sugar factory shall maintain measuring the depths of molasses in storage tanks and also a testing apparatus and reagents specified in Appendix I and shall produce the same to the officer of the Excise and Revenue Departments or of a Sub-Inspector of Excise and Tehsildar, or allow them to use the same.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| 10- Test of samples of molasses produced. [Section 5 (b)]                     | The occupier of a sugar factory shall, during a samples of molasses produced at the factory test and total sugar contents and shall also record the columns of register in Form M.F.5 every day & upload it on the designated portal of the Excise Department.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |
| 11- Taking and testing of samples of storage tanks.                           | <p>(1) During the period from November to may each year the occupier of a sugar factory shall on the 1st and 10th during the period from June to October each month on the 16th and 23rd of each month, get top, middle and bottom samples of molasses drawn from each storage tank and sugar contents and record the results. in relevant Form M.F.7.A true copy of the relevant extract from the register shall be sent to the Controller on the same day on which the samples are taken. In case a Sub-Inspector of Excise is posted at a sugar factory, the samples shall be taken and get tested in his presence at the designated portal of the Excise Department.</p> <p>(2) The occupier of a sugar factory shall immediately report to the Controller by telegram, /complaint tab of the portal in case of sudden deterioration in the quality of molasses stored in the storage tanks.</p> |
| 12- supply and distribution                                                   | <p>The occupier of every sugar factory shall submit a statement by August 31st each molasses year a statement in Form M.F.9 specifying an approximate estimate of the molasses to be produced and estimate of the quantity of molasses transferred or supplied by way of stock transfer and consumption in a sugar factory during the molasses year along with such other information as is required by the Controller to upload it on the designated portal of the Excise Department.</p>                                                                                                                                                                                                                                                                                                                                                                                                           |
| 13-                                                                           | Omitted                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| 14 Orders regarding sale or supply of molasses.                               | <p>A consolidated statement of the estimated available molasses to be drawn up and placed before the Advisory Committee under section 3(1) of the Act, by the Controller regarding the sale or supply of molasses in accordance with the provisions of the Act.</p> <p><b>Note- U.P.Sheera Nivantran (Third Amendment) 1974</b></p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| 15-Quarterly programme of movement of molasses.                               | <p>Having regard to the periodic production capacity of a sugar factory, the estimated periodic requirement of molasses for consumption, the availability of railway tank wagons for transport, storage capacity at the premises of the distillery and other relevant factors, the Controller shall prepare a quarterly programme of movement of molasses in accordance with the provisions of the Act for captive consumption, from each factory. The occupier of a sugar factory and the allottee shall take necessary steps to move molasses in accordance with such programme.</p>                                                                                                                                                                                                                                                                                                               |

|                                                                                      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|--------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 16- Arrangement for the lifting of molasses by the allottee.                         | <p>(1) An allottee shall as soon as may be, after the molasses have been received by him indicate in writing to the Controller of the sugar factory as to whether the molasses shall be lifted by road or by rail as indicated in the programme.</p> <p>(2) Where in the programme the transport of molasses is by road the allottee shall arrange for providing a GPS enabled tank lorries or containers for the transport of molasses from the factory, to the extent needed to ensure lifting of the quantity allotted within the time schedule. Any deviation from the time schedule will entail a penalty of Rs. 1000 per day which will be recovered in the same manner as the money is recovered by the Assistant Excise Collector of the district distillery or the district Excise Officer of the district. A proforma regarding this procedure shall be uploaded on the portal of Excise Department.</p> |
| 17- Indent of railway wagons by the occupier of the sugar factory.                   | <p>The occupier of the sugar factory shall where required by the programme referred to in rule 15, indent wagons from the Railway authorities for despatch of molasses in a manner to ensure regular and complete supply of the molasses to the factory. The fortnightly return of indents placed for Railway wagons shall be submitted in Form M.F.3 to the Controller and will be signed by the Inspector Excise posted at the sugar factory, one copy shall be handed over to the Sub-Inspector. Loading hour in the case of road transport shall be as follows:-</p>                                                                                                                                                                                                                                                                                                                                           |
| 18-Loading hour in the case of roadtransport.                                        | <p>(1) In the case of road transport the loading hour shall be from 6 a.m. and 10 p.m. while in the case of Railway wagons it shall be such as may be fixed by Railway authorities.</p> <p>(2) Haulage and loading of railway wagons of molasses shall be by Railway wagons and loading of such wagons shall be by tank lorries or other containers shall not be refused by the occupier of a sugar factory. Where the occupier fails, without sufficient reason, to make provision for the haulage and loading, Collector of the district in the absence of the Controller or any other person authorized for the purpose, the Controller shall have the power to enter upon the premises of the sugar factory, make arrangements for the haulage and loading and recover the cost therefor from the said occupier.</p>                                                                                           |
| 19- Arrangement of CCTV camera, power pumps and accessories for loading of molasses. | <p>For the purpose of loading of molasses the occupier of the sugar factory shall maintain in good running condition a sufficient capacity with other necessary accessories and shall provide with IP Address. CCTV camera shall be installed in a place &amp; manner that all vehicles carrying raw sugar or other produce can be recorded with its vehicle number while entering &amp; leaving the sugar mills. A daily report shall be maintained also be submitted online to designated authority of the Department daily.</p>                                                                                                                                                                                                                                                                                                                                                                                 |

|                                                                                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |

| <p>24-Restriction on transportation of molasses and Exports.</p> | <p>(1) No person shall, transport or cause to be transported to any part of Uttar Pradesh any molasses unless permission in writing is granted by the Controller.</p> <p>(2) Applications received in office of Controller for transporting molasses to other States from Uttar Pradesh shall be decided by the Committee consisting of,</p> <ol style="list-style-type: none"> <li>1. Molasses Controller cum Excise Commissioner</li> <li>2. Additional Excise Commissioner (Administrative)</li> <li>3. One member nominated by State Government</li> <li>4. One member nominated by Cane Department</li> <li>5. Joint Excise Commissioner (E.I.B.)-Member</li> <li>6. Deputy Excise Commissioner (Production) Secretary</li> </ol> <p>Co-ordinator.</p> <p>The committee will take decision on the basis of the quantity of molasses in the State after considering capacity of the State to produce molasses in the State. Only units producing molasses in the State to export after meeting the above set conditions.</p>                                                                                                                                                                                                                     |
| <p>25- Removal of molasses from sugar factory.</p>               | <p>(1) No molasses, including the molasses for captive use, shall be removed from the premises of a sugar factory unless a pass is weighed or measured and a pass is issued. Form M.F.4 has been issued. This pass shall be issued by the occupier of the factory or by an officer authorized by the Controller in this behalf. One copy of the pass shall be retained by the occupier of the sugar factory, one copy shall be retained by the Sub-Inspector of Excise posted at the sugar factory, and one copy of the molasses from the premises of the sugar factory shall be sent to the Controller, and, one shall be sent to the Controller of the Circle in which the sugar factory is situated.</p> <p><b>Note- U.P.Sheera Niyantran (fifth Amendment)</b></p> <p>Verification of the receipt of consignment. On receipt of the consignment, the consignee shall verify the quantity of molasses on the back of the pass and return it to the occupier of the factory concerned. The consignee shall take adequate measures to ensure that the wastage or deficiency in transit does not exceed one per cent. In case the wastage or deficiency exceeds one per cent, the consignee shall be liable to punishment imposed under the Act.</p> |
|                                                                  | <p>wastage or deficiency in excess of the prescribed limit, unless caused by accident or any other unavoidable cause the consignee shall be liable to punishment.</p> <p>(3) Officers authorized for verification.-Consignment of molasses in distilleries in Uttar Pradesh shall be verified by the officers in charge of the distillery concerned or by the officers authorized by the Controller in this behalf in writing. The distillers or their representative and result notes shall be submitted to the Controller.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

|                                                       | <p>distillery, as the case may be, shall bear the cost incurred for sending and testing the samples.</p> <p>(4) In the case of transport by road, if the allottee from a sugar factory is not satisfied with the grade of sugar factory it may apply in writing to the Sub-Inspector, Excise of the area in which the distillery is situated along with the testing fee to get the molasses tank from which the molasses was supplied by the distillery tested by the Sub-Inspector, Excise. The molasses was loaded in lorry or thela tested by the Sub-Inspector, Excise under sub-rule (3) for declaration of its correct grade. The price shall be according to the grade declared by the authorized officer. In case a lower grade is declared, the allottee is bound to refund the allottee any extra payment made by him for testing fee of such authorized officer. The provisions of sub-rule (3) shall also apply in the cases regarding taking of samples by Resident Sub-Inspector, Excise or Excise Inspector. The provisions shall be.</p> <p>(5) No distillery shall refuse unloading of molasses by the occupier of a sugar factory under the orders of the Controller, or an officer authorized on behalf by the Controller:</p> <p>Provided that, if Excise Inspector agrees with the findings of the occupier, that any molasses supplied by a sugar factory is unfit for use in distillery by virtue of its containing less than 10 per cent of total sugar (expressed as reducing sugar) then the distillery shall refuse the unloading of such molasses and shall refund the expense of the sugar factory. If on subsequent analysis the molasses by the officer authorized by the controller is declared fit for distillery purposes, the distillery shall be liable to pay such expenses and compensation, if any, as may be determined by the Controller or by such officer as may be authorized by the Controller.</p> |
| 30-Method of analysis of molasses.                    | All tests referred to in rules 10 and 11 and all analyses referred to in rule 29 shall be made by Lane and Eynons' Volumetric Method.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| 31- Payment of the Price of molasses by distilleries. | <p>(1) The rate for payment of the price of molasses to the occupier of a sugar factory shall be based on the following:</p> <p>(a) When molasses are transported by rail, the grade shall be determined at the distillery under rule 29(3).</p> <p>(b) When the transport of molasses is by road the grade shall be determined as the gate-pass in the form of M.F.4.</p> <p>(2) The Distillery shall have to pay the price of molasses to the occupier of a Sugar Factory immediately on taking delivery of molasses preferably through electronic means. If the Mill delays or causes other hindrances in delivery, the occupier of the Sugar Factory shall be entitled to claim compensation from the Distillery.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

|                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|--------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>32- Registers to be maintained and statement to be submitted by the occupier of the sugar factory.</p>                      | <p>The occupier of every sugar factory shall maintain an account of the molasses including the molasses consumed, produced stored, issued, sold or withdrawn. From M.F.5 and submit fortnightly and monthly returns to current season molasses and old season molasses in Forms M.F. 1 and M.F.2. The occupier of a sugar factory shall submit out the totals in all the columns of Form M.F.5 fortnightly on the 15th and the last day of the month and an extract thereof shall be submitted to the Controller on the first and sixteenth of the month in the prescribed Form M.F.2. The same will also be uploaded on the portal of the Excise Department.</p>                                                                                                                                                                                                                                                                   |
| <p>33- Registers to be maintained and statements to be submitted by distilleries, out still licensees and other allottees.</p> | <p>(1) The owners of distilleries shall maintain a register including the molasses of captive consumption, distillation, and the balance in a register in Form M.F. 6. Part Ist and IInd as appended to these rules and submit to the Controller a true monthly abstract of utilization and balance at the distillery each month on or before the 5th of each month following. The same will be uploaded on the designated portal of Excise Department.</p> <p>(2) In the case of allottee other than, distilleries the account of molasses shall be kept in a register in Form M.F.6, part III, as given in appended forms and submit a correct monthly abstract of the same to the Controller in whose circle the Industrial unit is situated.</p> <p>(3) Out still licensees shall maintain accounts in Form M.F. 6, part III, as given in appended forms and submit a monthly abstract of the same to the Excise Inspector.</p> |
| <p>34- Manner of maintaining registers and officers authorized to inspect them.</p>                                            | <p>Every occupier of a sugar factory shall maintain registers and accounts in such manner and for such period as may be specified in Appendix II to these rules.</p> <p>Revenue Officers of and above the rank of Tahsildar and officers of the Excise Department of and above the rank of Assistant Commissioner Excise shall have the power to inspect molasses registers and accounts of sugar factories and all other allottees.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <p>35- Inspection book for Inspecting officers.</p>                                                                            | <p>All occupier of a sugar factories and all other allottees shall maintain an inspection book in form M.F.12 and use it to record their in-spection notes therein. The occupier of sugar factories shall, however, be bound to submit a copy of inspection note recorded by any officer empowered under the preceding rule, direct to the Controller and one copy to the Excise Commissioner or Assistant Excise Commissioner.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <p>36- Taking of samples of molasses seized, arrangement for watch and handing over of articles</p>                            | <p>(1) The officer making seizure under the Act or the Rules shall take two samples of the molasses seized and immediately forward them to the person from whose possession the molasses have been recovered shall be allowed to affix his seal on the samples.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

|                                                              |                      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                          |                        |  |         |                      |                        |                          |                        |  |  |  |  |  |

| seized to police custody.                                    |                      | if he so desires one of the samples shall be delivered to him and the other sample shall be retained by the Controller. In case such a person refuses to receive the sample, the Controller shall prepare in duplicate a memo to this effect with him both the seized samples. A copy of the memo shall be submitted to the Controller for information.<br>(2) The officer making the seizure may depute a person to receive the stock seized under sub-rule (1).<br>(3) The officer-in-charge of a police station shall keep the samples in safe custody, pending the orders of a Magistrate. All articles seized under the Act or these rules shall be kept thereunder as may be delivered to him till directions are given by the Magistrate having jurisdiction.<br>(4) In case any article seized under the Act or these rules cannot easily be taken to a police station, the officer making the seizure may make some other arrangement for the safe custody of the articles and may for this purpose seek the assistance of the Police, Excise or Revenue Department or of any village Pachayat or of any village chaukidar and such person or chaukidar shall in that case be legally bound to receive the articles to the extent required. |                          |                        |  |         |                      |                        |                          |                        |  |  |  |  |  |
| 37- Disposal of Molasses and Articles forfeited              |                      | Disposal of molasses and articles or both forfeited under the Act or these rules framed thereunder shall be deferred until the expiry of the period of appeal against the order of forfeiture.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                          |                        |  |         |                      |                        |                          |                        |  |  |  |  |  |
| 38- Manner of Disposal of molasses forfeited.                |                      | (1) All molasses forfeited under sub-section (2) of section 16 or to forfeiture under the Act but not released by the Controller or of the accused under section 16 or offered by the Controller or the accused under section 16 on payment of value but not released by the Controller shall be disposed of in accordance with sub-section (2).<br>(2) All forfeited molasses of weight of one hundred kilograms shall be sold by public auction by an order of the Controller. Forfeited molasses exceed the above weight the Controller may refer to the Controller and molasses will be disposed of in accordance with the orders in a manner so as to secure its utilization.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                          |                        |  |         |                      |                        |                          |                        |  |  |  |  |  |
| 39- Head of account of deposit money received by Controller. |                      | 39. Head of account of deposit money received by the Controller shall be Additional Excise Commissioner (Administration) or an officer above this rank. -<br>(1) Any sum of money received by the Controller shall be credited to Government under the head "Miscellaneous Molasses Penalties."<br>(2) For speedy disposal of cases related to molasses, the number of court cases-                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                          |                        |  |         |                      |                        |                          |                        |  |  |  |  |  |

|--|--|-----|--------------------------------------------------------------------------------------------------------|------------|------------|------------|
|  |  | 1   | Transit wastage of molasses in excess of <b>0.5 %</b> (Where the accident is proved)                   | 25,000/-   |            |            |
|  |  | 2   | Storage wastage exceeding <b>1.5%</b> of total quantity of molasses stored in any year in a sugar mill | .....      |            |            |
|  |  | (a) | Annual production of molasses upto 2 Lakh quintals.                                                    | 1,00,000/- |            |            |
|  |  | (b) | Annual production of molasses more than 2 lakh quintals upto 4 lakh                                    | 1,50,000/- |            |            |
|  |  | (c) | Annual production of molasses more than 4 lakh quintals upto 5 lakh quintals.                          | 2,00,000/- |            |            |
|  |  | (d) | Annual production of molasses more than 5 lakh quintals.                                               | 2,50,000/- |            |            |
|  |  | 3   | For shortage in storage capacity of a sugar mill                                                       | 2,50,000/- |            |            |
|  |  | 4   | On storing molasses in uncovered kaccha/ pakkapit                                                      | 1,50,000/- | 2,00,000/- | 2,50,000/- |
|  |  | 5   | If the weighing point/ weigh bridge of a sugar mill is not certified.                                  | 1,50,000/- | 2,00,000/- | 2,50,000/- |
|  |  | 6   | For the loss in quality of the molasses stored in the sugar mill leakage, auto combustion etc.         | 1,00,000/- | 2,00,000/- | 2,50,000/- |
|  |  | 7   | Molasses found in excess of the quantity shown as stored in the record.                                | 1,00,000/- | 2,00,000/- | 2,50,000/- |
|  |  | 8   | For not maintaining the prescribed records/accounts regarding molasses.                                | 50,000/-   | 1,50,000/- | 2,50,000/- |
|  |  | 9   | Gauge charts in sugar mill not approved from competent level.                                          | 50,000/-   | 1,50,000/- | 2,50,000/- |

|                                                 |  |    |                                                                                                                                                  |                                                                                                                                                                                                                        |            |            |  |

|            |                     |                                     |                              |                       | Top Layer                      |                                          | Middle Layer |                                          | Bottom Layer |                                          |                                |         |
|            |                     |                                     |                              |                       | Brix                           | Percentage of sugars (as reducing sugar) | Brix         | Percentage of sugars (as reducing sugar) | Brix         | Percentage of sugars (as reducing sugar) |                                |         |
| 1          | 2                   | 3                                   | 4                            | 5                     | 6                              |                                          |              |                                          |              |                                          | 7                              | 8       |

I certify that the above statement has been correctly prepared.

Signature (with date) of the Occupier of the Sugar Factory.

N.B.-The statement should be prepared in quadruplicate, the Original being sent to the Controller of Molasses, duplicate copy to the Sub-Inspector of Excise posted at the sugar factory, triplicate copy to the Excise Inspector of the concerning sector/circle and the quadruplicate copy retained as office copy by the occupier of sugar factory.

## Form M.F. 9

(Rule 12-U. P. Sheera Niyantran Niyamavali, 1974)

Estimate of production of molasses at ..... sugar factory for the cane crushing season

.....

(To be submitted by 31st August every year by occupier of Sugar, Uttar Pradesh to the Controller of Molasses, Uttar Pradesh)

1. Name and address of the following (only names of persons who are responsible should be written) :

- (a) Owner  
(b) Occupier  
(c) Manager

2. Production of molasses (in quintals)-

| Particulars |                                | Last year's actuals | This year's estimate | Remarks |
|-------------|--------------------------------|---------------------|----------------------|---------|
| 1           |                                | 2                   | 3                    | 4       |
| 1.          | Duration of the season-        |                     |                      |         |
|             | (a) Date of commencement       |                     |                      |         |
|             | (b) Date of completion         |                     |                      |         |
| 2.          | Cane supply (in quintals)      |                     |                      |         |
| 3.          | 3. Production of molasses (in  |                     |                      |         |
| 4.          | Percentage of molasses to cane |                     |                      |         |

3. Particulars of storage tank for molasses :

| Kind of a tank(s) |     | Covered |                              | Uncovered |                              |
|-------------------|-----|---------|------------------------------|-----------|------------------------------|
|                   |     | Total   | Total capacity (in quintals) | Total     | Total capacity (in quintals) |
| 1                 |     | 2       | 3                            | 4         | 5                            |
| Steel             | ... |         |                              |           |                              |
| Masonry           | ... |         |                              |           |                              |
| Kachcha           | ... |         |                              |           |                              |

4. Maximum number of tank wagons the sugar factory can load per day, for supply of molasses to distilleries-

- (i) from broad gauge siding :  
(ii) from metre gauge siding :

5. State the arrangements whether mechanical/manual, the sugar factory has got for loading for molasses.

6. Disposal of molasses in current season :

- (i) Supplied to distilleries up to 15th August :  
(ii) Supplied to out-still licensee and other allottees (iii)  
Sold to trader :  
(iv) Closing Balance (Actual) :  
(a) Released stock, if any

- (b) Unreleased stock
- (v) Wastages.

N.B.-Current season will mean "Cane Crushing Year" commencing from first day of the November.

Signature (with date) of the Occupier of Sugar Factory

## Form M. F. 10

(Rule 6, U. P. Sheera Niyantran Niyamavali, 1974)

Statement of storage of molasses at ..... Distillery in U. P. for the month ..... 20....
