STATEMENT OF OBJECTS AND REASONS

At present, most of the countries on the global stage are facing the challenges of de-carbonization with a relatively more cautious approach. Due to serious environmental pollution resulting from rapid depletion of fossil fuels, gradual increase in the price of fuel and continuous increase in the number of vehicles, it has become necessary to adopt waterways, which is a relatively cheap and pollution-free transport option, as a means of tourism.

Uttar Pradesh is a State enriched with different holy rivers and natural beautiful places. Continuous flow of water is maintained in main rivers of the State like Ganga, Yamuna, Sarayu, etc. throughout the year. It is not worthy that the Government of India has declared 111 national waterways under the National Waterways Act, 2016 (Act no. 17 of 2016), in which a part from National Waterway No. 1 (from Prayagraj to Haldia) on the river Ganga, ten other national waterways are there in the State of Uttar Pradesh. In order to develop water transport and water tourism in the State of Uttar Pradesh, it has

become necessary to form an Inland Waterways Authority at the State Level. With the formation of this Authority, a separate administrative unit will be established in the State ensuring development, regulation and environmental protection in water transport, water tourism and shipping and navigation in the State which will make it possible to take prompt and timely action for the development of inland waterways transport. Constitution of the said Authority will also ensure growth and conservation of rivers by the development of waterways. Religious and historical places situated at the banks of rivers will also be developed in view of water tourism by the development of waterways. Employment at large scale will also be created by development and expansion in water transport and water tourism.

In the view of the above, it has been decided to constitute the Uttar Pradesh Inland Waterways Authority.

The Uttar Pradesh Inland Waterways Authority Bill, 2023 is introduced accordingly.

By order,
